

Information Sheet: Care Home Fees

Assessment Criteria

If you qualify on medical grounds then the Local Authority will then carry out a financial assessment to ascertain whether you are liable to pay all, part or none of your care costs. The current limit for saving is £23,250 at which point you would pay all of the care costs. Once your cash assets fall below £14,250 your costs will be met by a combination of state benefits and Local Authority aid, at this stage a full financial means test will be applied.

The issue

Some people find that they have to sell their home to fund their Care Home fees. Hard earned wealth can be swallowed up in Care Home fees which are very expensive. Taking action now can mitigate any potential loss.
